FARMERS HELD A MEETING

Meeting was Held Saturday to
Organize Beet Growers
of Two Counties

BIG INDUSTRY THREATENED

Farmers Declare They Must Unite to Pro-
tect Their Interests or Give Up
the Raising of Beets

The sugar beet growers in Kenosha county are planning to form an organization for the protection of their mutual interests and the first movement along this line will take place at a meeting held at the village of Corliss on Saturday afternoon. It is expected that several hundred growers of beets in the two counties will be present at the meeting and that will be done to bring better conditions before the opening of another season.

John Herzog, town chairman of the town of Somers and of the largest of the beet raisers in the two counties, in speaking of the proposed meeting he said:

"This meeting has been called by a committee representing beet growers in the two counties and if the beet industry is to be continued in Racine and Kenosha county it will be absolutely necessary for the growers of beets to have some sort of an organization. Conditions prevailing at the present time are impossible for the growers. We have hundreds of tons of beets ready for shipment, but there are no cars to ship them in and none have been ordered.

"What the beet growers must demand is a contract with the factories which will make it possible to get the beets to the factories before freezing weather. The factories have the ordering of the cars for the shipment of the product and cars are not provided in time to save the beets. We could go to the commission and get cars, but under the contract the cars must be ordered by the factories. When the factories get well stocked up the supply of cars runs out and the beets are left in the fields. In the spring the farmers are urged to get into the beet business and they are given to understand that the demand is greater than the supply.

A lot of people are now raising beets and it is beginning to look as if the supply was a lot longer than the demand. What we want is a new form of contract and the only way that we can get it is to form an organization. I believe that the farmers interested in the beet industry will see the necessity of getting into this organization in order to have their crops properly protected. It costs fifty dollar an acre to raise beets here and if a part of the crop must be thrown away each year the farmer raising it find he is a heavy loser at the end of the season."

Several meetings have been held among beet growers in other countries and it is planned to have an organization which will eventually take in all the growers contributing to factories in this district.

LAKE CO. MAN REPORTED DEAD IS LIVING

Some weeks ago a report was spread through Lake county and about the village of McHenry that Otto Muehrke, the former Fox Lake hotel man, was dead.

A friend of Mr. Muehrke's on a recent visit to Lake county told some of the supposed dead man's friends that Mr. Muehrke had requested him to deny that he was dead. "Tell those people up in Lake county that I am very much alive and that I am working in the liquor department of Rothchild & Co., and that I'll be up and see them before long" was Mr. Muehrke's message.

Wanted to Live in History.

Some men's idea of fame is certainly a distorted one. A murderer in South Carolina pleaded for the privilege of being the first man to be electrocuted when that new mode of execution was introduced into the state.

WAUKEGAN HAS RECORD

Over Fifty Per Cent of Deaths from Tuberculosis Come from Waukegan

Over fifty per cent of the deaths from tuberculosis in Lake county during the year 1911, occurred in Waukegan—nearly one-half of the living cases of the disease in the county during the same period, existed in Waukegan. These facts are contained in a statement sent to Dr. Watterson, head of the Lake Breeze sanitarium, by the Illinois State Federation of Women's clubs which is waging a stern battle against the white plague and by presenting the statistics in their naked horror are striving to awaken the general public to a manifestation of more than passive interest.

The report received shows that during 1911 there were seventy-two living cases of the disease in Lake county—of this number forty-three were in Waukegan. There were forty-three deaths from the disease in the county, twenty-six of them taking place in Waukegan. In addition to these there were ten cases of other forms of tuberculosis such as tuberculosis of the stomach, spine, etc.—eight of these cases existed in Waukegan.

No report was received from Libertyville and few other towns in the county. Lake Forest had several cases and deaths but the number was small when compared to Waukegan. The other cases making up the total of seventy-two living cases and forty-three deaths, were scattered about the county.

TO ABOLISH CUSTOM COL.

Waukegan, Kenosha and Racine Said to be Affected by New Plan

Under authority of a "rider" which was shipped through congress on an appropriation bill during the closing days of the last session. President Taft will shortly abolish the position of naval officer in the customs service and greatly reduce the number of collectors, surveyors and other officers. By this means Uncle Sam hopes to save \$500,000 a year. Such is the information borne in Chicago Sunday papers.

Among the ports affected will be Waukegan, the bill abolishing the office of custom collector there, which is now held by Arch McArthur. It is proposed to make but one port of entry in Illinois, this being Chicago.

Mr. McArthur said he had received no notice as yet of the abolishing of the customs house at Waukegan.

BESWICK SELLS OUT BUSINESS AT LIBERTYVILLE

Tuesday a deal was closed whereby C. A. Beswick sold to John Lester the fixtures and stock of his novelty store in the Bulkley block on Milwaukee ave. Mr. Beswick came here from Antioch about nine years ago and opened a photograph gallery on the second floor of the same building which he has conducted ever since.

Three years ago he leased the first floor under his studio and opened a novelty store which he has successfully conducted since that time. A short time ago the opportunity presented itself for him to secure a good photograph business at Delavan, Wis., and one at Elkhorn.

The future of these two enterprises looked too promising for him to pass by so he drove a deal whereby he purchased the two, offering for sale at the time both his store and gallery.

Mr. Beswick is now in charge of the studio at Delavan and his assistant, Miss Whitney is operating the one at Elkhorn. He is offering for sale his residence on Division street and at such time as he is able to clean up his business affairs he will remove to Delavan. —Libertyville Independent.

Ideals.

The man who succeeds in living up to his ideals probably has ideals that are not very high. —Chicago Record-Herald.

Brain Power Always First.

The average brain worker, it is safe to allege, if given the preference between perfect bodily health accompanied by a sluggish brain, and the discomfort arising from physical suffering allied to a bright, active brain in good working trim would doubtless choose the latter.

Philosopher's Tip.

"I was riding in the park with the great Carlyle one morning when his wideawake blew off. A working man very civilly ran and picked it up. Instead of giving the man a pourboire, however meager, Carlyle took the returned hat with a bow, and said: 'Thank ye, my man; ye can just say ye've picked up the hat of Thomas Carlyle.' —'That Fourth Generation,' by Janet Ross.

FIREFIEND IS AGAIN ACTIVE

Large Stable Burned to The
Ground Saturday Night—
Two Mules Perished

ADDS ANOTHER TO THE LIST

Police Redouble Their Efforts to Locate
The Incendiary But They Have
no Clue Whatever

The fire bug again appears to be rampant in Highland Park. There has been a respite of about two weeks which caused fears to be lulled somewhat, only to have them re-awakened on Saturday night when fire broke out in the Goldberg stables on Second st., completely destroying the structure and causing two mules to perish in the flames.

The fire broke out about 10:30 o'clock and was well under way when it was discovered. The volunteer fire department responded and did all in its power to quench the flames but efforts to save the stables was unavailing and for a time it looked as if the greater part of the business district would be completely destroyed. Burning embers set fire to Mr. Goldberg's fine large department store as well as to the Geary bakery and both buildings were damaged considerably before the department succeeded in extinguishing the flames.

Mr. Haak, manager for the Cudahy Brothers' Packing company, saved the horses and cows which were in the burning building but could do nothing with the mules which obstinately refused to be led to safety.

A very conservative figure places the loss at about \$1,000 although it is believed that a closer investigation will show it to be several times this amount. The cause of the fire is not known but there is not a resident of the city but that is willing to concede it is the work of the incendiary who has been destroying so much property within the last few months.

As a result of Saturday night's fire the Highland Park police have redoubled their efforts to secure the identity of the incendiary but it seems like a hopeless task unless they catch him red handed. There is quite a reign of terror in the little city as no one knows where the fire fiend will strike next.

A reward of \$50 for the apprehension of the fire bug, was offered recently but it is thought that this will be increased several times by popular subscription if there are any more fires.

WOODMEN OFFICERS SEE RATE INCREASE IN FORCE JAN. 1

The officers of the Modern Woodmen, which has nearly 200,000 members in Illinois, are urging the members all over the country that they make their choice as to the plan of protection they prefer to carry under the new rate adjustment plan before Jan. 1.

Members, the board of officials say, now have the choice of seven plans adapted to various conditions, but the action of the head camp provides that all members who have not selected one of these plans by Jan. 1 are automatically put on the whole life plan.

The injunction granted by the Chicago court against the referendum on the change in rates will necessarily postpone the referendum until after Jan. 1, officers of the head camp claim. They insist the injunction was issued on the ground that the Donahue law, under which the referendum was to be made, is unconstitutional. They hold that the injunction can not be dissolved unless the supreme court holds the Donahue bill constitutional. The raise in rates made by the Chicago convention has been knocked out in Iowa.

100 INCHES OF SKIN GRAFTED

To Body of Burned Boy Taken
From Two Strangers and
Two Relatives

OPERATION SUCCESSFUL

Skin Grafting Necessary to Save Life of
Badly Burned Waukegan Boy Was
Performed at Hospital

One of the biggest pieces of skin-grafting ever performed in Waukegan was successfully executed last Sunday morning at the McAlister hospital when Drs. Jolly and Foley grafted skin from four men to the terribly burned leg of 5-year-old George Denman, son of Mr. and Mrs. H. Denman of North Chicago.

These are the men who submitted their bodies that the life of their little relative and neighbor might be saved. H. Denman, father of the victim.

Mrs. Denman's brother, John Brabender.

Harry Linenthal.

The skin was taken from the legs of all but Linenthal, who submitted his arm instead. In all 100 square inches were removed and grafted to the boy's body.

The four men went to the hospital and bared their limbs and the doctors sliced off the upper portion of their legs, between the thigh and the knee. The burns on the boy were so great that it was necessary to take a great deal of the skin from the men who offered him help. They stood the ordeal bravely and afterwards walked down town, limping slightly but bearing no serious effects from the operation.

The doctors carefully placed the skin on the burned portion of the boy's leg and they have watched the results carefully. Their belief is that the wound will heal successfully now as a result of the skin grafting.

A pathetic part of the operation is that the only other child in the family, a boy, had his leg cut off sometime ago by a street car, it seems, the family is afflicted more than the average.

Abraham Lincoln.

In the language of the shop, the farm, the boat, the street, or the nursery, he told the high truths that reason and religion taught, and took possession of his audience by a storm of speech, pouring upon them all the riches of his brave plebeian soul, baptizing every brave anew; a man who with the people seemed more mob than they, and with kings the most imperial. —Theodore Parker.

"Bear Talk" Efficacious.

"Bear talk" was always considered "good medicine" by the Indians. If a bear blocked their path, they addressed him politely, reminding him of their common brotherhood, praising his nobility and requesting him kindly to allow them an unobstructed passage. This, it is said, he frequently did, for, being by nature inoffensive, the soft accents did not disturb him, and so he would go on his way.

Musical Family.

Stiggins—"Are there any musicians in your family?" Wiggins—"Ra-ther! Why, my father is an adept at blowing his own horn, and mother is equally expert at harping on one string; man-in-law has to play second fiddle, and Aunt Tabitha leads a humdrum existence; grandpa gives a solo on his nasal organ every night, without the stops; uncle spends his time wetting his whistle; Harry is fond of his pipe, and Gerty is forever ringing the changes on her admirers."

Not Up to Expectations.

"George has told me all the secrets of his past?" "Mercy! What did you think of them?" "I was awfully disappointed." —Cleveland Plain Dealer.

Give Bright Thoughts a Chance.

Just try, by taking a few minutes a day—if you cannot take more—to live upon the heights, to give heed to that noble and beautiful thing within you which is the real you, which wants to grow and develop. Give it a chance. Dwell with infinite things for a little while every 24 hours. And "soon the cares that infest the day will fold their tents like Arabs and silently steal away," and life will become very happy, very beautiful. Try it.—Barbara Boyd in Chicago Post.

BAD FIRE AT ZION CITY

Administration Building Damaged to Extent of \$3,000 Sunday

Fire of mysterious origin but which many attribute to incendiarism greatly damaged and for a time threatened to completely destroy the Administration building in Zion City, between 12 and 1 o'clock Sunday afternoon. The damage is estimated at about \$3,000.

Only the effort of scores of Voliva's followers who formed a bucket brigade, saved the big building from destruction. These men were dressed in their best clothes, many of them being on the way to church.

The Administration building is the one in which Voliva's office is located. It is the largest building in Zion City, next to the Zion Hospice which is just across the street from it. All the officers on Voliva's staff also have their offices in this building. The building was unoccupied at the time the fire broke out with the exception of the girls in the telephone exchange.

GO. IS SEVENTH RICHEST

Figures Forwarded to Equalization Board Shows County Stands High

Lake county, with a total assessed valuation of \$17,111,470, is the seventh richest county in the state, exclusive of Cook county, according to complete figures from every county in the state as forwarded to the state board of equalization at Springfield for final adjustment.

The total increase in valuation in the entire state is \$17,942,501. Exclusive of railroads and the capital stock of corporations, who are assessed directly by the state board, the total properly valuation of the state is \$2,122,04,048.

The valuation in the counties which exceed that in Lake are:

Cook	\$390,472,142
McLean	37,797,534
Sangamon	37,537,060
Peoria	33,281,365
LaSalle	32,737,733
Kane	31,466,004
Will	27,079,751
Valuations in nearby counties are:	
Boone	\$ 7,153,044
DeKalb	16,544,735
DuPage	6,193,327
McHenry	14,424,213

It will be seen that Lake county is by far one of the wealthiest counties in this section of the state, outside of Cook.

ORDER OF MOOSE LOOKING FOR LOCATION

Waukegan, Ill., Aurora and Anderson, Ind., are tied for choice for the \$1,000,000 industrial school and plant and old peoples home to be erected by the Royal Order of Moose, according to R. W. E. Donges of Camden, N. J., supreme dictator of the order, who announces that a final decision will be made at a meeting of the trustees of the order on Dec. 5.

The trustees have finished a three days session at the Hotel La Salle, in Chicago, the object of which was to choose a site for the proposed school for which \$500,000 has been set aside for a site and \$1,000,000 for buildings. Contracts and specifications were placed before the trustees at their meeting last week.

The school will accommodate 2,500 students, who will be sons and daughters of the members of the order while the home for indigent members of the order will accommodate several hundred persons.

The school will afford a practical industrial education and training and will be operated along modern lines.

To Keep Ferns Fresh.

Use a soil of about half leaf mold or smooth earth and half fine sand. Give abundant drainage and then plenty of water. About once a month put them in the washtub or bathtub and give a thorough washing, not sparing soap; rinse well, and slightly loosen the soil before returning them to the stand. A bit of fresh beef buried in the soil occasionally helps.

Not Knocking.

"Beg pardon," said the agent, as Mr. Grouch opened the door, "but I would like to ask if Mr. Dodge, your next door neighbor, is good pay?" "How do I know whether he is good pay or not?" exclaimed Mr. Grouch. "All I know about him is that he has four grandchildren and he still owes for his marriage license."

Kept Track of Food Consumed.

It is, of course, not easy to estimate the amount of food consumed by each of us in a year, but one dietetic expert who kept a record of his meals during twelve months declares that he ate 180 loaves of bread, 180 pounds of meat, drank 61 gallons of milk, and ate no fewer than 300 eggs, in addition to other things. —London Tit-Bits.

OLDEST CHURCH FOR SALE

Impossible to Dispose of the
St. Lawrence Church
at Libertyville

CANNOT DIVIDE THE FUNDS

The Only Living Trustee Enters a Suit to
Find Out Who the Real
Heirs Are.

There's a church for sale at Libertyville, the people that want to buy it have the money, but so far it has been impossible to find the owner.

For that reason suit was entered in the Circuit Court this week by W. E. Parkhurst the only living trustee of the Libertyville Church Association, who is trying to find out who the real heirs of the other trustees are.

The association, which was formed in 1866 and all denominations joined to build the structure. The lumber man gave some lumber, and he secured some stock; the general storekeeper furnished the nails and likewise he was given a block of stock. There was no account book of expenses kept.

The St. Lawrence Episcopal Church has been occupying the structure for several years and now they wish to buy it. But where to pay their money is the burning question.

The church was used as planned, but as the donations became large enough they built their own churches. So for the past few years the church has been rented to the members of the denomination now occupying it.

During the course of the breaking up of the association the election of trustees was not held regularly. The last trustees were elected in 1875 on July 31, but after that they were irregularly elected by only parts of the stockholders according to the bill. The trustees elected in 1875 are all dead with the exception of E. W. Parkhurst who is bringing the suit. The question is whether or not the heirs of the original stockholders have a right to the stock, and who they are. There was also a Ladies' Union Aid Society in the church which contributed \$1,085.43 and was made a shareholder. C. C. Bukley was also made a shareholder when he contributed some lumber for the building. The question now is: "How shall these funds be divided when the sale is made? Who are the real trustees of the church?"

The property is of no use to the association now and the price offered is a good one. The building can not be used for commercial purposes, and since the people now renting it intend to build if the property cannot be acquired, it is deemed important to have court decree a sale in some manner.

There are nearly three hundred heirs to the property and all these will have to be notified in order to have the sale legal. The case comes up for the December term of court and will be of interest to Lake county people at large.

Almost Limit of Foolishness.

An old woman named Czabo, who was found dead in Budapest, left a will in which she set forth that all her money, over \$5,000, should be given to her dog. The animal was handed over to the relatives, who, it is said, will contest the will. The old woman had set a room apart for her dog. It was furnished with large mirrors and antique furniture upholstered in silk. Only the dog was allowed to enter this room.

Bear Baiting Popular Sport.

Few sports have had such a great and extended popularity as bear baiting. The Romans imported their bears from Britain, and the sport can be traced in England to the Conquest or beyond. Queen Elizabeth was so fond of the sport that, by an order in council, she prohibited "plays to be performed on Thursdays because bear baiting and such pastimes had usually been practiced."

"Pay as You Enter."

A thrifty husband and wife at Harriburg have been attending different church on Sundays, each giving a nickel. They talked the matter over and concluded that the plan was extravagant. Now both attend the same place of worship and expect to enter the golden gate on the same nickel. —Carrier 2.111s Mail.

BATHTUB TRUST HIT

HIGH COURT HOLDS PATENT LAWS DO NOT SHIELD AGAINST SHERMAN ACT.

ANNULS ITS LICENSE PACTS

Decision Fully Sustains the Government in Its Fight, Begun Over a Year Ago in Maryland, on Enamel Ware Manufacturers.

Washington, Nov. 20.—The Supreme court of the United States delivered a death blow Monday to violations of the Sherman anti-trust law under the cloak of the protection of the patent laws by annulling as invalid "license agreements" which hold manufacturers of sanitary enameled ironware together in the combination known as the "bathtub trust."

Justice McKenna delivered the unanimous opinion of the court. He said that rights conferred by patents were extensive against the positive prohibitions of the Sherman law. The decision fully sustained the government in its fight begun over a year ago against the bathtub and enamel ware manufacturers.

The fight against the enameled ware manufacturers was begun by the government in the United States district court of Maryland, it being charged that the 50 defendants named had brought about a combination to restrain interstate trade in sanitary enameled ironware and had attempted to monopolize that trade. Sixteen of the defendants were corporations.

One of the individual defendants was Edwin L. Wayman, with whom the corporate defendants and their officials were charged with having made illegal agreements, in effect licenses, for the use of a patented enameled tool. Wayman was to refund part of the license fee if the manufacturers had not violated any condition of the agreements, among those conditions being one that they would not sell to any jobber who did not sign a contract not to buy from anyone other than the corporate defendants, and another that they would not sell at a lower price or on more attractive terms than those named in a schedule of prices attached to the agreement.

The lower court held that the agreements destroyed competition and fixed prices in violation of the Sherman law. The lower court prohibited the defendants from attempting further to restrain trade by means of these agreements.

Justice McKenna, in announcing the decision of the Supreme court, called attention to the effectiveness of the combination made possible among enameled ware manufacturers through Wayman's plan to grant licenses on his improvement for enameled ware.

CAUGHT IN \$1,500,000 DEAL

Alleged Stock and Bond Swindle Unearthed—United States Officers Arrest Five Men.

Washington, Nov. 20.—Federal officials began arrests Monday in an alleged stock and bond swindle which they say is being operated in nearly every large city in the world at a profit to the promoters of more than \$1,500,000.

Five of those arrested were indicted by the United States grand jury at Cincinnati last month. The men, it is alleged, operated against individuals and corporations that desired to place stocks and bonds in the open market.

Those indicted by the grand jury on the charge of using the mails to defraud were:

F. D. Minyard, now in Cleveland; J. Gordon Malcom, who went to Canada before the indictments were returned; Thomas Fishwick, now in Boston; George Hannaford, now in Chicago; J. R. Long, now in Buffalo.

At Rochester, federal officers raided the offices of the American Redemption company and took all persons found there into custody. They will be taken before United States Commissioner E. C. Smith in that city.

The offices of Horace D. Hastings & Co. were raided in Cleveland, and F. D. Minyard, the manager, was arrested in connection with the operations of F. D. Minyard & Co., brokers of Cincinnati.

A. Bruce Crane of the Hunter & Crane brokerage firm was arrested at Newark, N. J., as the local agent of the American Redemption company. Crane was taken before United States Commissioner Stockton and held in \$5,000 bond.

Fishwick was arrested in Boston and Mascon G. Worth was taken into custody at New York.

TAFT TOASTS WILSON

PRESIDENT CLOSES "SWAN SONG" BY GRACEFUL COURTESY TO SUCCESSOR.

IRONY AND HUMOR IN SPEECH

Chief Executive's Address Before Lotus Club in New York Considered by Many the Most Remarkable Ever Made.

New York, Nov. 19.—In a speech which many of his hearers considered the most remarkable he has ever made, President Taft sang his "swan song" as chief executive of the nation, when, as the guest of the Lotus club Saturday night, the president responded to the toast, "The President."

The president earnestly advocated the admission to the halls of congress of members of a president's cabinet, and declared a six-year term in the presidency was enough for any man. He advocated the placing under civil service of practically every officer in the government employ. He hinted broadly that congress should provide for ex-presidents so that they need not lower the dignity of the position they have held when they enter into private life.

His humorous references to the burdens of the White House, to his successor and to Mr. Bryan brought forth round after round of applause.

The president closed his speech with a toast to his successor.

"Health and success to the able, distinguished and patriotic gentleman who is to be"—and he raised his glass while his hearers rose to their feet—"the next president of the United States."

President Taft said in part: "I saw in the name of your club the possibility for a swan song to those about to disappear."

"You have given me the toast of 'The President.' It is said that the office of president is the most powerful in the world, but I am bound to say that what chiefly stares the president in the face in carrying out any plan or his, is the limitation upon the power and not its extent."

"What are we to do with our ex-presidents? I am not sure Dr. Osler's method of dealing with elderly men would not properly usefully apply to the treatment of ex-presidents. The proper and scientific administration of a dose of chloroform or of the fruit of the lotus tree might make fitting end to the life of one who had held the highest office."

"I observe that my friend Mr. Bryan proposes another method of disposing of our ex-presidents."

"As a Warwick and as a maker of ex-presidents, I think we should give great and respectful consideration to his suggestion. Instead of ending the presidential life by chloroform or lotus eating, he proposes that it should expire under the anaesthetic effect of the debates of the senate."

"He proposes that ex-presidents should be confined to the business of sitting in the senate and listening to the discussions in that body."

"Why Mr. Bryan should think it necessary to add to the discussion in the senate the lucubrations of ex-presidents I am at a loss to say. If I must go and disappear into oblivion, I prefer to go by the chloroform or lotus method. It's pleasanter and it's less drawn out."

URGED MURDER OF GIRL

Witness Says McNamara Asked Girl's Death Who "Knew Too Much."

Indianapolis, Ind., Nov. 19.—James B. McNamara's purpose to explode a bomb under Miss Mary C. Dye, a woman stenographer employed by the iron workers' union, "because she knew too much," was related at the "dynamite conspiracy" trial on Saturday by Frank Eckhoff.

Eckhoff, a neighbor and friend of the McNamara family in Cincinnati, testified that two weeks after the Los Angeles explosion he was sent by J. J. McNamara to the home of Mrs. Alice Nabb, McNamara's sister, at Ballagh, Neb., and there met James B. McNamara.

"James B. said he thought it would be a good idea if I followed Miss Dye on a train and put a small bomb under her, timed so that it would explode after I got off the train," testified Eckhoff.

Eckhoff said he refused to enter into the plan. Miss Dye, who lives in Pittsburgh, recently identified hundreds of letters introduced by the government as implicating the 45 defendants in a conspiracy.

U. S. TREASURER QUILTS

LEE M'CLUNG RESIGNS; CARMI THOMPSON SLATED FOR JOB.

Resignation Means That All Money and Securities in Vaults Must Be Counted.

Washington, Nov. 18.—Announcement of the resignation of Lee M'Clung as treasurer of the United States was made by President Taft Thursday.

Mr. M'Clung tendered his resignation to the president at a conference at the executive mansion, and its acceptance was later announced by the president from the executive offices, with the explanation that Mr. M'Clung resigned voluntarily.

The resignation of Treasurer M'Clung means that money and securities for which the treasurer is responsible must be actually counted and receipted for.

This will be the greatest single financial transaction in the history of the world. When Mr. M'Clung assumed the duties of treasurer he gave a receipt to his predecessor for \$1,260,134,946.88.

Paris, France, Nov. 18.—Augustin Max, known throughout France as "the blind banker of Paris," surrendered Friday to the police and confessed he had misappropriated \$2,000,000 of his clients' money.

WILL REVISE TARIFF

WILSON TO ASSEMBLE CONGRESS BY APRIL 15 FOR THAT PURPOSE.

President-Elect Declares Democratic Sentiment to Be Unanimous in Favor of an Extra Session—Leaves for Islands of Bermuda.

I shall call congress together in extraordinary session not later than April 15. I shall do this not only because I think the pledges of the party ought to be redeemed as promptly as possible, but also because I know it to be in the interest of business that all uncertainty as to what the particular items of tariff revision are to be should be removed as soon as possible.

—WOODROW WILSON.

New York, Nov. 18.—Announcing his purpose of calling an extra session of congress not later than April 15, instead of waiting six months after he assumes the presidency on March 4, for the regular session to convene, President-elect Wilson took the first important step Friday towards carrying out his pledges to the people.

As he issued his statement the president-elect remarked: "The list of members of congress and prominent Democrats throughout the country who had expressed themselves on the subject showed that the sentiment in favor of the calling of an extra session was widespread—I might say almost unanimous. The extra session will have the advantage of giving us an early start towards effecting the reforms to which the Democratic party is pledged."

Simultaneously with the issuance of his statement, the president-elect gave permission to say that he is to spend his vacation in Bermuda after he has returned to New York December 16. He was accompanied by Mrs. Wilson and the Misses Jessie and Eleanor Wilson. Miss Margaret Wilson, the elder daughter, remained in New York to continue her study of music.

Governor Wilson has leased a little cottage on the island from an American. He requests that its exact location be kept a secret lest he be bothered by letters from office seekers and politicians. He intends that this shall be a real vacation, free from work and worry. The governor will spend much of his time bicycling and horseback riding.

EX-GOV. LARRABEE IS DEAD

For Sixty Years He Had Been a Large Factor in the Development of the Commonwealth.

Clermont, Ia., Nov. 19.—Former Gov. William Larrabee died at his home near here Saturday at the age of eighty.

Since early in the spring the former governor had been a sufferer from rheumatism and under the care of a nurse. With remarkable will power he bent every energy to live to cast his vote for Theodore Roosevelt, and his wish was fulfilled. Two months ago he refused longer to take medicine. His wife, all the living children and grandchildren were at his deathbed. Funeral services were held Monday afternoon.

Resident of Iowa for 60 years, Mr. Larrabee had been a large factor in the development of the state. He was born January 20, 1832, the son of a soldier of 1812, at Ledyard, Conn.

RENEW BIG BATTLE

TURKS REPULSE BULGARIANS AT GATES OF CONSTANTINOPLE.

Nazim Pasha Reports Great Victory—Little Headway Is Being Made in Peace Negotiations.

Constantinople, Nov. 19.—An official dispatch to the government from Nazim Pasha, in command of the Turkish army, states that the Bulgarians were repulsed in their attack on the Tchatalja lines and that the Turks captured 8,000 prisoners, twelve guns and a large quantity of war munitions.

The battle raged from daylight to dark, to the accompaniment of a continuous reverberation of heavy artillery all along the twenty-mile line of the Tchatalja forts, the last defenses of Constantinople.

In the meantime the peace negotiations are in progress, but little headway is being made owing to the dilatory tactics being pursued by the Turkish government. The allies have submitted terms for an armistice in reply to the Turkish request for a cessation of hostilities which stipulate what is tantamount to the unconditional surrender. The Turks are bickering for concessions which advances from all sources agree will not be granted. Various versions of these Turkish demands are at hand, but the likeliest description includes the proposal that Crete be ceded to Greece in exchange for the restoration of Salonika and the coastal districts occupied; that Adrianople and Kirk Killiseh shall remain Turkish under a decentralized administration; that the vilayets of Uskub, Monastir and Scutari be granted autonomous powers if Bulgaria, Serbia and Montenegro pay a yearly indemnity to Turkey, the government of these districts to be centered in single representatives of Turkey and each of the Balkan states, with its seat at Uskub; the railway to Salonika to be completely free for exports of all articles from Serbia; Kavala to be a free port of entry for Bulgaria and San Giovanni di Medua a free port for Montenegro, and the Balkan states must not demand separate war indemnities.

Nazim Pasha, the Turkish commander-in-chief at Tchatalja, sent a long report to the Turkish war office at Constantinople on Sunday night recording his success against the Bulgarian attackers, according to a news agency dispatch. He said:

"After 14 hours of the most severe fighting our army was able to advance as far as Karakil. The enemy was beaten, losing over 1,000 killed and wounded in addition to three battalions, captured with the whole of their officers."

Turks Again Ask Intervention.

Constantinople, Nov. 19.—The sultan has addressed an appeal to the sovereigns of the great powers through the Russian ambassador, requesting intervention to end the war.

A more optimistic tone prevails in official circles, due to confidence that the troops will be able to hold the lines at Tchatalja. It is reported that cholera and typhus are causing fearful ravages in the Bulgarian ranks.

A memorial urging the great powers to secure Albania's national and political independence was presented by a deputation of Albanians to the foreign embassies and the Turkish foreign office.

A detachment of 100 British blue-jackets has been lent by the British cruiser Weymouth to guard the United States embassy, as the American station ship Scorpion has been allotted to duty on the Upper Bosphorus.

5,000 Dying Daily of Cholera.

Berlin, Nov. 19.—The liveliest imagination would be unable to depict the frightful conditions existing among the Turkish troops at Hademkeul, on the lines of Tchatalja, according to Maj. Eugen Zwenger, the war correspondent of the Tageblatt. "According to authentic information," he says, "the deaths from cholera number 5,000 daily."

MONASTIR TAKEN BY THE SERVANS

50,000 Turkish Soldiers and Three Generals Lay Down Their Arms.

LOSSES ON BOTH SIDES HEAVY

Porte Again Makes Appeal to European Powers to Stop Struggle Following Defeat—Bulgarians Lose at Tchatalja.

London, Nov. 19.—Any idea that the Turkish government may have had of benefiting by continued resistance must be shattered by news of the fall on Monday of Monastir.

In the capture of that important town the Servians took three pashas, including the commander-in-chief, Zekki Pasha, 50,000 men and 47 guns, thus achieving the greatest individual success of the war.

Macedonia Free From Turk Rule.

Monastir was the second city of importance in European Turkey. It was Turkey's stronghold in Macedonia, and by its downfall Macedonia passes completely out of Turkish hands.

The city had been virtually surrounded by Servian troops for several days, while Greek troops coming from the south had cut off the Turkish line of retreat to Ochrida. On Saturday the Servian troops after desperate fighting throughout the day and night succeeded in capturing two important heights commanding the city. They then advanced through the morasses upon the inner fortification, which surrendered today.

Monastir is the headquarters of the Sixth Turkish army corps, commanded by Fethi Pasha, but many other Turkish troops fleeing from surrounding towns which had been captured by the Servians concentrated there.

Outlines Capture of Salonika.

The Servians naturally are elated at this victory, which outlines the capture of Salonika and must have a great moral effect on the future course of the war.

Another of the strange silences which have been characteristic of this war appears to have fallen over Constantinople, from which only brief dispatches have been received telling of the resumption of the Turkish battle and that the sultan has made a fresh personal appeal to the European sovereigns to intervene for the termination of the war. Quite as little may be expected to come of this appeal as of the previous attempt at mediation by the powers.

Must Appeal for Terms.

With cholera and typhus ravaging her demoralized army and a powerful enemy hammering at the gates of the capital, Turkey must again appeal to the allies for terms.

As the effect of the victory at Monastir will be to stiffen the Servian government in resisting Austrian pretensions, the consular troubles at Pristina and Mitrovitza are breeding a dangerous spirit of ill feeling between Austria and Serbia.

Nazim Pasha, the Turkish commander-in-chief at Tchatalja, sent a long report to the Turkish war office at Constantinople on Sunday night recording his success against the Bulgarian attackers, according to a news agency dispatch. He said:

"After 14 hours of the most severe fighting our army was able to advance as far as Karakil. The enemy was beaten, losing over 1,000 killed and wounded in addition to three battalions, captured with the whole of their officers."

Mouse Boss in Egypt.
Old Mr. Egyptian carried a stick or a small club about the house with him and laid it upon his women like a thousand of brick whenever they disobeyed or displeased him. In the graves the mummies show that nearly every woman had a forearm fracture. When Mr. Egyptian came home in a bad humor he would sail into her with a stiff stick, and as the arm was thrown to protect the face it was generally broken while warding off the blow.

How Empress Punished.
"The first person I saw punished in the palace at Peking was a servant girl; she had made a mistake about her majesty's socks and had brought two which were not mates. Her majesty finding that out, ordered another servant girl to slap her face ten times on each cheek. This girl did not slap hard enough so her majesty told the one who had been slapped to slap the other. I thought that was too funny for anything and wanted to laugh the worst way, but did not dare."—Two Years in the Forbidden City, by the Princess Der Ling.

Cats Killed for Pelts?
Thirty cats, kept by the Paris custom house authorities to destroy the rats, which do great damage to the goods, disappeared mysteriously a few nights ago. It is thought they were killed for their pelts on account of the great rise in the market price of skins which are used in the manufacture of fashionable furs.

Ten - Day Iron Bed Sale

AT

ROESING & HAAS

Burlington, Wisconsin

NEVER in the history of iron bed manufacturing have iron beds been sold so low as in the past six months by the iron bed industries of the country. There has been a war on between the iron bed manufacturers and the result has been that the large manufacturers have put the smaller concerns out of business and prices will advance again. But the live dealers all over the country have taken advantage of the slump in the market and have bought heavily of the same. We have done the same and as we have more iron beds than we can find room for on our floors have inaugurated a TEN-DAY SALE only on them.

The Hickory Union Cemetery Association will hold their yearly meeting at the Hickory church on Saturday, Nov. 30, at 1 p. m. Officers for the ensuing year will be elected at this time and transacting such other business as may come before this meeting. Mary W. Boylan, secretary and treasurer.

Word has been received here of the death of H. J. Farnum at Linhaven, Fla., a son-in-law of Mrs. C. M. Turner. Mrs. Farnum is quite well known here having spent several months in our village at the home of her mother and sister, Mrs. Turner and Mrs. L. Hughes. Her friends here sympathize with her in her bereavement.

The social given by the Junior League last Friday evening drew a large crowd and all present pronounced it one of the most successful affairs of the kind so far for this season. The decorations savored strongly of Thanksgiving, being composed of corn, pumpkins and turkeys. The program consisted of recitations, readings and a "Resolved that it is better to be single than married, Daniel Lewis and Leland Watson were for the affirmative and proved their side of the case quite conclusively. Agents Hucker and Pearl Harrower took the negative side and convincingly argued in favor of matrimony. The decision of the judges was in favor of the girls. The sum of \$4.50 was cleared.

The package sale given by the Hill-side cemetery society proved to be quite a drawing card and a large crowd put in an appearance. The packages each of which contained an article of more than 25 cents valuation, were sold for a quarter apiece, the purchaser being in ignorance of the contents of the package until after it was bought. The entire amount of packages were quickly sold and this feature netted the society something over thirty dollars. The quilts were auctioned off, one bringing \$2.75 and the other \$2.00 and also a rug which brought 90 cents and the supper which was served for fifteen cents a person brought in over \$30.

Early Closing.

We, the undersigned agree to close our places of business at eight o'clock p. m., except Saturday nights from Nov. 25 to April 1, excepting from Dec. 15, to Dec. 25.

Williams Bros., Wm. Hillebrand, Jay R. Cribb, C. E. Chinn, R. A. Shultz, Tiganey & Felter, Webb's Racket Store.

Chase Webb, C. A. Powles, Gauger Bros. & Co., B. H. Overton, Mrs. C. E. Sabin, H. J. Brogan.

Mrs. Lena Gaggin visited her sister, Mrs. Schwartz at Evanston Saturday.

Mrs. Chas. Hucker of Round Lake spent Wednesday with Antioch friends.

Frank Runyard is representing the local lodge I. O. O. F., at Peoria this week.

Mr. Sink and Mrs. Beattie of Crystal Lake, accompanied Dr. and Mrs. Barber here last Sunday.

At the auction sale at the McDougall farm near Millburn last Tuesday one cow sold as high as 90 dollars.

Wm. Volkman moved his family into the house he recently purchased on Main street the first of the week.

A. O. Stixrud was attending a meeting of the Ministers of the Chicago Northern District at Chicago Monday and Tuesday of this week.

Dr. Barber, Optician will be in Antioch at the home of H. J. Barber on Thursday, Nov. 28, if roads permit otherwise the following Sunday.

Edward Ginter and wife of Chicago visited their aunt and uncle Mr. and Mrs. Harry Isaacs, on Saturday last to congratulate Mrs. Isaacs on her 68th birthday.

Everybody cordially invited to attend the services at the M. E. church next Sunday. Rev. Stixrud is preaching a series of sermons on the Parables. The topic next Sunday morning will be on "The Unmerciful Servant."

Just before going to press we received word of the death of Mrs. Ethel L. Young, which occurred on Wednesday night at the West Side Hospital, Harrison and Ogden street, Chicago, where she has been for a number of weeks.

According to a Washington dispatch, the report made by congressmen as to the amount of money they spent during the recent campaign, show that Congressman George Edmund Foss spent \$2,040. Of the 20 reports received during the day, but three showed they had spent more than Mr. Foss.

Mrs. Maria Burmeister an aged resident of Salem was buried at the Salem Mound cemetery on Sunday of this week, her death, the cause of which was pneumonia, having occurred on Tuesday of the previous week at the home of relatives in Chicago. Mrs. Burmeister was eighty-two years of age.

A party was given last Friday evening at the Allendale Farm, Lake Villa, by "The Clover Club" to the Misses Bertha Lewis, Hester and Alice Beebe, Eva Felter, Shirley Olcott, Mabel Brogan, Pauline Smart, Julie Hockney, Laura Olcott, Carolyn Osmond, Addie Taylor, Mary Shea and Elizabeth Webb. All report an excellent time.

Amanda Gustafson, Adeline Seines and Susan Coon are to be tried for insanity at the county poor farm Monday afternoon by County Judge Persons and Assistant States Attorney Runyard on complaint lodged against the unfortunate inmates by C. A. Apply, the foreman of the poor farm. The women have been inmates of the farm for some time past and of late have become unbalanced in brooding over their past troubles. They were adjudged insane and ordered to the Northern Illinois State Hospital at Elgin.

STATEMENT

The following is a statement to the Public, by the Stewards of the Antioch M. E. church: The expenses of the Antioch M. E. church for the salary of the Pastor, District Superintendent, janitor and for heat, insurance, lighting, etc., amounts approximately to \$1600 per year. This money has always been raised by subscriptions from the Protestant citizens of Antioch and the surrounding community. The membership of the Church is able to provide the larger part of this amount but must depend for a share of it upon the kindly co-operation of all who are disposed to help. This help has been kindly given by a large number of our citizens who feel that the church ministers to and is an advantage to the entire community. For this help we are very grateful. However the contributions given to the church have usually been asked for and paid toward the end of the church year. This has made it impossible for the Church to pay its pastor his salary with any degree of regularity. We are anxious to put the business of the church on a business basis and pay our bills as they become due, but we can only do that of course, if the contributions to the church are paid in time. We are therefore earnestly requesting the good people of Antioch who have so kindly contributed to the maintenance of the church in the past and any others who can help, to pay their subscriptions this year before Christmas, if at all possible. The stewards will call on you for a subscription and you may pay them or direct to the Treasurer of the church, Mr. Wm. Ziegler.

As next week Thursday is Thanksgiving we would request our correspondents to send in their items one day earlier, as we will go to press Wednesday.

Word received here from Chetek is that Lloyd Billett and Alvin Vickers each succeeded in shooting a deer, the former's being over 200 pounds while the latter's was a doe.

Mr. Danielson, formerly with the Electric Light company at this place was calling on friends here Saturday. Mr. Danielson is now district Superintendent for the Public Service company at Oregon, Ill.

A postal card received from Harry Tiffany this week states that he and Walter Selter who are on their way to Florida now believe that they have been unfortunate enough to lose their clothing, guns and ammunition which they shipped. According to information received by them, the boat which carried their baggage was wrecked and all was lost.

Mr. and Mrs. John Martin and daughter Myrtle attended the celebration of Mr. and Mrs. Chas. Ettinger's silver wedding which took place in Chicago Sunday. Mr. and Mrs. Wood of Toledo Ohio, Mr. and Mrs. Geo. Martin and daughter of Gurnee, Wm. Martin and Miss Rose Griffin also attended the wedding.

Two more amateur prize-fighters, namely, "Janet and Colphie."

An examination in writing was given to the pupils of the H. S. room last Wednesday.

"Kaiser" has moved into a more comfortable desk at the front of the room.

The school notes will be edited next week by a Junior. Watch for them.

The 4th year English class is studying Spencer and Chaucer.

Paul K., honest, was she jealous?

"Africa" doesn't want his name mentioned in the H. S. notes for a whole month. Wonder why?

We all had to pay a high price for the three minutes conversation we enjoyed during Mr. Espey's absence from the room last Tuesday. Some haven't made up the hour and forty minutes yet.

Miss Taylor didn't make such an awful chaperon after all.

The report cards were given out last week.

Nov. 13.—Dolphie has three o'clock tea. (But when called upon to recite found his mouth too full.)

A mop would be a good investment for the high school room.

School was dismissed at three o'clock last Tuesday on account of the darkness caused by the storm.

Notice—Don't forget your German exercises.

The pupils of the Zoology class are getting their collections of specimens ready for the teacher's approval.

We advise Adolph to move his desk into the recitation room so as to avoid being locked out.

Helen B. wonders how the Seniors ever got through Plane Geometry let alone Solid. Never mind, Helen, the Seniors are some class.

Did Pauline lose her report card?

English I and II are studying "The Sketch Book."

The Seniors will have to hurry if they finish Commercial Geography the first semester.

Remember.

Do you remember, if you lose heart about your work, that none of it is lost; that the good of every good deed remains, and works on forever; and all that falls and is lost is the outside shell of the thing; which, perhaps might have been better done, but has nothing to do with the real good you have done to men's hearts.—Charles Kingsley.

Men Need Help—Not Charity.

There is a higher duty than to build almshouses for the poor, and that is to save men from being degraded to the blighting influence of an almshouse. Man has a right to something more than bread to keep him from starving. He has a right to the aids and encouragements and culture, by which he may fulfill the destiny of a man, and until society is brought to recognize and reverence this it will continue to groan under its present miseries.—Channing.
